

CFS HOSTS SUPPLIER APPRECIATION DAY AND PROVIDES 2007 DIRECTION

CHANHASSEN, MN (March 24, 2007) - Custom Fab Solutions, LLC (CFS), a contract manufacturer and custom plastic/metal fabricator serving technology industries, hosted a luncheon to recognize key vendors for their 2006 accomplishments and provided 2007 initiatives. The meeting discussed the company's past, acknowledged key suppliers, reviewed current business status and provided detailed information new business opportunities.

"This event was our way of saying thanks to our key suppliers who made 2006 the best year ever in the company's history," said Bill Braunwarth, Director of Sales and Marketing. "We believe a key element of our past success was communication and clear understanding of requirements for the markets we serve. This event was an excellent platform to communicate and discuss these items and share future business opportunities with our key suppliers."

Brian Foran, Indelco said, "very well organized and informative. It gives us a better understanding of your and your customers needs. We look forward to being involved with CFS's continued success and growth for many years to come." "It was wonderful to feel the appreciation from a customer, something we rarely experience," said Steve Johnson, Industrial Supply Company.

About Custom Fab Solutions. CFS is a Minneapolis-based contract manufacturer serving technology markets. The company is vertically integrated and specializes in Teflon®, PFA and thermoplastic fabrication. The company has expertise in metal fabrication, electro-polishing and other surface treatment services. The company combines its capabilities with customer needs to integrate instrumentation and controls into a ready-to-use product. CFS primarily serves the photovoltaic, medical, pharmaceutical, semiconductor, disk drive, aerospace, food and electronics industries, where precision and contaminant-free material/products are required. The company web site is located at: www.CustomFabSolutions.com.
