

## **WORLDWIDE FOOD MANUFACTURER TAPS CFS TO SUPPLY CUSTOM PRODUCTS**

CHANHASSEN, MN (October 2, 2008) - Custom Fab Solutions, LLC (CFS), a contract manufacturer and custom plastic/metal fabricator serving technology industries, announced it has received an order from a Minneapolis-based food manufacturer. The internationally recognized manufacturer produces a wide range of baked-goods and its product offering includes many worldwide recognized brands.

CFS was called upon for its engineering and in-house manufacturing capabilities. CFS will re-design and/or modify components used in food-making equipment to improve performance and equipment reliability. The re-designed items will then be produced by CFS using its in house plastic and metal fabrication, specialty welding, electro-polishing and assembly services.

“CFS’ design experience coupled with an expertise in stainless steel and food grade plastics made us a perfect fit for this new customer,” said Bill Braunwarth, Director of Sales and Marketing. “Our customer was very pleased with the quality of the product we provided and the cost effectiveness of it. As a result, we anticipate additional orders in the near future.”

**About Custom Fab Solutions.** CFS is a Minneapolis-based contract manufacturer serving technology markets. The company is vertically integrated and specializes in Teflon®, PFA and thermoplastic fabrication. The company has expertise in metal fabrication, electro-polishing and other surface treatment services. The company combines its capabilities with customer needs to integrate instrumentation and controls into a ready-to-use product. CFS primarily serves the photovoltaic, medical, pharmaceutical, semiconductor, disk drive, aerospace, food and electronics industries, where precision and contaminant-free material/products are required. The company web site is located at: [www.CustomFabSolutions.com](http://www.CustomFabSolutions.com).
